

Taster Day Registration

Danube International School Vienna - Indemnity Agreement

For visiting children who are not enrolled in the school

We are very happy to accept your child in school for purposes of visiting and working in the classroom, as a friend or relation of another student. However, we do so with the agreement that you accept full responsibility for your child's safety while on the premises, as your child is not covered by our insurance scheme and renounce all claims against DISV or its members for any accidents, injuries or damage to personal property which might occur while your child is in the school.

Accidents can happen of course, but we will endeavour to take our best professional care of your child while visiting us.

Please note that due to increased safety measures during the COVID-19 pandemic, participating in a taster day is only possible with a valid negative PCR Corona-Test (currently not older than 48h before the day of the visit) that needs to be submitted on paper to the school.

During the visit, the child must adhere to all hygiene/safety requirements that apply to schools at the time of the visit. Our registrar will inform you of the details of the hygiene requirements.

We look forward to welcoming your child:
